

Rules of the Club Championships

1. It is a knock-out tournament so if you lose you cannot play in the tournament anymore, but if you win you have to arrange to play the next person as shown on the draw. There is a court booking sheet on our website which is www.studhamtennisclub.co.uk. This will show you when the courts are free and allow you to book a court yourself. The password is ****. The drawsheet is also on the website.
2. All matches are to be one long set – so the winner is the first to get 6 games or two clear games after 6 – so if the score is 5-5 – then you must win the next two games to get to 7-5, or 8-6, 9-7 etc
3. You have to arrange to play your match yourselves during the holidays or weekends but there will be a finals day with an umpire in September. I suggest you ask an adult to help you keep score. You have to bring your own balls.
4. When you have finished your match, please fill the result in on the drawsheet which is inside the wooden notice board hanging up on the court. Also if you won, write down the telephone number of the next person you have to play. It would be very helpful if you could also either phone (609317) or email me the result – Fiona_m_mitchell@yahoo.com
5. You have 'play by' dates for each round, you will not be disqualified if you go over these dates! But it would be much better to play your matches earlier rather than later!
6. I am away on holiday from 27 July to 18 August, so any problems please contact my brother, Nick, who is Match Secretary, on 01582 872853!

Finally, have fun!
